

RESTING ECG TAB ELECTRODE

FOR USE WITH:

Product No	Reference No
6500043V	A10022
6500044V	A10023
6502971V	A10023-10
6502930V	A10027

DURATION OF USE

• < 24 hours

INSTRUCTIONS FOR USE

CAUTIONS

- Federal law restricts this device to sale by or on the order of a physician.
- ECG electrodes should only be used by or in consultation with a health care provider familiar with their proper placement and use;
- ECG electrodes may damage the skin if removed carelessly;
- ECG electrodes should be applied only to intact, clean skin (e.g., not over open wounds, lesions, infected, or inflamed areas); and
- ECG electrodes should be properly disposed of after use
- Minor skin irritation can occur with electrode use. If skin irritation occurs, please contact your prescribing physician or health care professional.

PRECAUTIONS

- During surgical procedures, electrodes should be placed as far as possible from any electro-surgical area to minimize unwanted RF current flow.
- Self-adhesive electrodes should be replaced if they no longer stick firmly to the skin.
